

Contract Terms Checklist

PRIME · Land it. Negotiate it. Own it.

Verbal agreements about money are not agreements. Before any work begins — or any offer is accepted — confirm every item below exists in writing. Tick as you verify.

For contract / freelance engagements

✓	Term	What to confirm
	Payment model & rate	Hourly, day rate, milestones, retainer or fixed bid — stated exactly.
	Invoice process	How, where and when invoices are submitted.
	Payment timeline	Net 15 / 30 / 45 / 60 — and who approves payment.
	Late payment fees	Finance charges for overdue invoices.
	Non-payment clauses	Your remedies if payment stops.
	Taxes	VAT treatment and responsibilities (and IR35 status, UK).
	Scope boundaries	What's included, what's extra, and the change process.
	Notice & termination	How either side exits, and what gets paid on exit.

For employment offers

✓	Term	What to confirm
	Compensation	Salary, bonus structure and payment timing — matching what was agreed.
	Benefits	Pension, healthcare, holidays — listed, not implied.
	Hours & pattern	Contracted hours, location, flexibility, overtime expectations.
	Role & duties	Title and responsibilities as discussed.
	Probation & notice	Periods, terms, and any restrictive covenants.
	Review timeline	When salary is next reviewed — negotiated now, honoured later.

If a term is missing or unclear: query it in writing before signing. “Could we clarify clause X — my understanding was...” is professional, not difficult.
